Thinking about making a Freedom of Information request?

Before you do please read the following statement: [Information Concerning Police Investigations](#)

If you are after information about **local crime** such as street-level crime and outcomes, maps and data, details of your local policing team and beat meetings it's available through [www.police.uk](#)

If you are after **conviction information** please be aware that the Constabulary does not keep conviction information for types or classes of offences in a retrieveable format as it's held against individual offence records, not by type of offence. Therefore, if you require general statistical information about convictions you should contact the relevant Court for the area you are interested in.
