FREEDOM OF INFORMATION REQUEST - REFERENCE NO: 01/FOI/25/007332/M

I write in connection with your request for information which was received by Derbyshire Constabulary on 05/08/2025. I note you seek access to the following information:

Question 1 –

Please provide the number of full-time equivalent (FTE) police officers employed by your force for each calendar year from 2000 to the most recent year for which data is available.

If possible, please break the figures down by:

- *Year (e.g., 2000, 2001, 2002, etc.)*
- *Role type (e.g., constables, sergeants, inspectors, etc.), if this breakdown is readily available, including a total number of officers.*

If the data prior to a certain year is unavailable or archived, please state that explicitly.

For the purposes of this request, I am seeking data on warranted officers only (excluding PCSOs, special constables, and civilian staff).

If you hold data by financial year rather than calendar year, please provide it in that format and indicate accordingly.

Result of Searches

Following receipt of your request, searches were conducted within Derbyshire Constabulary to locate any relevant information. The searches located information relevant to your request.

Please see attached PDF document for the information you have requested.

Please note that the figures from Jan 2001 to Jan 2020 will serve as year-end figures for the previous calendar year – so January 2001 will be the year-end figures for the year 2000, etc.

The columns from 2021 that give the date as at the 31st of December each year will also serve as year-end but for the same year, i.e. 31st December 2021 is for the year 2021 etc.

In relation to this data please note the following:

- The data has been extracted from the Constabulary's HR System which is, to all intent a 'living' system in that it is constantly being updated. As such the data can only be verified for the date/time extracted.
- Police forces in the United Kingdom are routinely required to provide statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the data. It should be noted that for these reasons this Constabulary's response to your questions should not be used for comparison purposes with any other response you may receive.
