Making Derbyshire Safer **Together**

Terms of Reference – Men’s Voices AG

The purpose of this group is two fold, to assist in creating an environment where all women and girls feel safe, but to also create a safe space for men to talk about experiences and barriers to their own reporting of crime.

- 1. Derbyshire Constabulary is committed to creating an environment where women and girls can feel safe and be safe within Derbyshire, free of fear and harassment.**

All men play a critical role in this work.

The Men’s Voices Independent Advisory Group creates a safe space for men to speak openly, have challenging, constructive and reflective conversations about the VAWG agenda and the critical role men play in the solution in keeping women and girls safe and feeling safe.

Certain crimes and behaviours disproportionately affect women and girls, manifest themselves in different ways, and demand targeted solutions. Crimes such as domestic abuse, rape, female genital mutilation, stalking, harassment, and digital crimes such as cyber-flashing, ‘revenge porn’ and ‘up-skirting’ are taking place every day. Behaviours in public and the workplace such as ‘cat calling’, wolf whistling and sexualised comments all further compound these issues and disproportionately affect and impact on women and girls.

The tragic cases of Sarah Everard, Julia James, Bibaa Henry and Nicole Smallman touched us all. But for every high-profile case, there are sadly many more. We must honour these women and girls by doing more to prevent violence, support victims and pursue perpetrators. The Derbyshire Constabulary Violence Against Women and Girls Strategy presents our next step in doing so.

- 2. Derbyshire Constabulary know that these crime types happen to men and very often go unreported. We are committed to create an environment where men and boys feel safe and have the trust and confidence to report matters to the police.**

Equally it’s important to recognise that men are becoming increasingly isolated in relation to some of the offences listed above, and although quite rightly the focus of these tragic cases highlight the need for further work around the VAWG Agenda, there is a need to create a safe space for men to report as victims too.

Traditionally men do not report domestic related offences, for fear of not being believed, and Derbyshire Constabulary believes it is important to recognise that media scrutiny and the portrayal of men could drive the lack of reporting to even smaller numbers.
